POST-ACUTE REHABILITATION

BRIDGE TO HOME

Who is right for services

- Recovery from major surgery or joint replacement
- Rehabilitation after a stroke
- IV medication therapy or nutritional therapy
- Strength training after a lingering illness or prolonged hospitalization
- Daily physical, occupational and/or speech therapy

Bridge to Home is open to any qualifying patient wishing to recover close to home near family and friends. We offer the comfort of a private room and 24-hour care. We are a federally approved swing bed program that allows small hospitals use regular patient rooms for this special care.
