

Renovations will begin November 28th in the Community Medical Clinic of Pana, Medical Mall suites, and portions of the Rehab/Wellness Center. Carpeting will be removed and replaced with a new hard surface floor. In order for the installation process to occur, Community Medical Clinic will close early beginning Monday, November 28th through Friday, December 9th. Hours for the clinic will be 8:30 am – 3:00 pm each day. As the renovation work progresses, we will update patients of any office schedule changes.
